

Good Schools
Good Schools are to the community like money in the bank. Redwood City is proud of its schools.

Times-Gazette

VOLUME LXIV., NUMBER 52. PEDWOOD CITY, SAN MATEO COUNTY, CALIFORNIA, SATURDAY, MARCH 28, 1925. ESTABLISHED 1859

PHONE COMPANY EXTENDING SERVICE

Additions to the present equipment of the Pacific Telephone and Telegraph Company on the peninsula amounting to \$321,000 are now under way, according to Manager J. B. Worthington of this district. The additions include better facilities for long distance calls both north and south of Redwood City to Palo Alto and San Mateo.

The project was made necessary by the constantly increasing demands for long distance telephone service between San Francisco, San Jose and intermediate cities and towns of the peninsula, brought about by the great business and residential development. It is stated by Worthington.

For some time supplies for this extension have been arriving and are stored temporarily in John Poole's yard. Tons of cable and other heavy equipment are arriving daily and are being stored until needed by the crews of men who are now at work.

During the course of the telephone company's project, nearly 23,000 feet of aerial cable will be strung and over 45,000 feet of underground cable will be laid at various points along the highway between this city, Palo Alto and San Mateo.

Miscellaneous construction concerned in the project includes the laying of over 55,000 trench feet of creosoted wood conduit, consisting from six to eight compartments for the accommodation of underground cables. Fifteen poles, 21 anchors, 210 cable arms and other equipment will be placed during the course of the work.

LOCAL KIWANIS CLUB HEARS STORY OF WATER DEVELOPMENT

The members of the Kiwanis Club last Tuesday were treated to an interesting account of the development of the San Francisco water supply from the earliest beginnings when water was carried on pack trails and sold by the bucketful. The speaker of the Tuesday luncheon was L. B. Chennant, assistant engineer of the Hetch Hetchy development, a man well versed in every phase of supplying water to a large city.

The growth and expansion of the Spring Valley Water Company was outlined as well as the legal steps which had to be taken before the Hetch Hetchy could be started. The meeting Tuesday was under the chairmanship of George Tudhope. Father Kennedy spoke in regard to the attendance contest which is now in progress among the clubs of the International, and C. H. Young gave an interesting story of his experience in learning the drug business.

The Kiwanis Club is continuing to function with enthusiasm and a number of events are now on the tapis for the members.

W. T. WIGHTMAN NAMED JUSTICE OF THE PEACE OF HALFMOON BAY

The board of supervisors last Monday appointed W. T. Wightman of Halfmoon Bay justice of the peace of the Fourth township of this county. The appointment of Wightman came as the result of the death of Charles Borden of Halfmoon Bay, who died while holding that office. Wightman is a cousin of the late Judge Borden.

Residents Object to Cement Plant Dust

It was reported this week that a large number of residents of this section are objecting to the dust being caused by the plant of the Pacific Portland Cement Co. operating on the marsh near town. The dust, it is said, has caused a large amount of damage to vegetation on the large estate at Atherton.

This week an informal protest was sent to the company, stating that if the nuisance was not eliminated that an injunction would be served. The company replied to this protest, stating that the matter was receiving their serious consideration and that means of passing a spraying of water through this dust was being worked upon.

STATE BILL PERMITTING CITY EXTENSION PASSED

Two bills were passed by the State senate permitting a city in one county to annex territory in another county. These bills were the two Spalding bills which do away with the barrier which has always existed in this state preventing a city from growing over the county line. The two bills were already passed by the assembly and now before the governor for his signature.

These bills were introduced into the assembly by Assemblyman Spalding of Sunnyvale for the purpose of permitting Palo Alto to annex contiguous territory in this county. By the same law San Francisco can annex Redwood City or Palo Alto, if the necessary majority can be secured at an election. What changes will follow in the map of the state as a result of the passing of this bill can only be surmised, but that it will have a great influence over the destiny of many cities and towns is certain.

MAKING THE GOAT, THE GOAT

Joe Bettincourt of Menlo Park was without a license on his car. This would have been all right if it had not happened that he had to explain to Judge Griffin how it happened that his car was without a license plate. But that was easy.

In answer to the judge's question why the car, one of a small and inexpensive variety, was without a number plate, Bettincourt explained that a goat which he keeps as a pet had found the car and begun to eat it. The goat had finished eating the license plate when discovered, but had hardly started on the car proper. The goat was diverted from his breakfast before the car had been damaged but the license plate was gone.

Bettincourt was instructed to go to San Francisco and procure a new license plate from the motor vehicle department. He was warned to keep the goat where it would not be tempted to try its gastronomic ability on the license plates.

FIVE POINTS RESIDENT DIES AT HOME YESTERDAY

Mrs. Mary Angell passed away at her home at Five Points yesterday at the age of 67 years. The deceased was a native of Syria and had been a resident of Redwood City for only about a year. She made her home with a son who conducts a grocery store at Five Points.

HORTICULTURAL COMMISSIONER SEEKS SOW BUG ERADICATION

County Horticultural Commissioner A. W. Tate, Jr., is experimenting with poison prepared for killing the sow bug or pill bug, a pest whose rapidly increasing numbers are becoming a serious menace to vegetation of all kinds in this vicinity.

These bugs which resemble the ordinary sow bug in appearance, differ from the less harmful variety in being more glibly and hardy in appearance, and in curling into a tight ball when disturbed. They feed chiefly at night and are found under boards or boxes in the day time. This type has only recently made its appearance in large numbers, and from the fact that it was confused with the kind which was formerly common around decaying vegetation did not cause much attention.

The fact that these bugs live on living instead of decayed vegetation, however, soon brought them into disrepute, and means have been sought to encompass their destruction.

The experiments conducted by Commissioner Tate have not been concluded so that he is not yet ready to make recommendations. It is expected, though, that an effective exterminant for the pests will be found.

AGED PASTOR TO VISIT ALMA MATER

Dr. William C. Pond, the oldest Protestant minister in California, is planning to go East in June to attend the seventy-fifth anniversary of his graduation from Bowdoin College, Maine. Dr. Pond came to San Francisco 72 years ago and went to the mountain country. He was for a while both a preacher and teacher and also served as a county superintendent of schools. He returned to San Francisco and for fifty years was in charge of Bethany Congregational church. About fifteen years ago he located in Atherton and built a home at the corner of Atherton avenue. On the death of Mrs. Pond a few years ago he went to San Francisco to reside with a daughter. The grandson of the venerable minister, Perry S. Pond, still lives at Atherton.

NEW UNION OIL COMPANY MANAGER APPOINTED

E. C. Cortelou, who has been in charge of the local branch of the Union Oil Company for the past four years, has resigned his position with that company and has accepted a similar one with the General Petroleum Company. He will not only work in the San Mateo district, however, but will also be with the San Jose division. Mr. Cortelou has made an excellent official for his company and has built up a big line of patronage. His position with the Union Oil Company will be filled by C. Peterson, who has been with the company in San Jose.

The General Petroleum Company entered this field when Henry Beeger of this city assumed the management of this entire district. Beeger has installed a large amount of equipment here and is erecting a central plant in this city to supply the whole district. He has now placed his products in nearly all garages of this vicinity and is meeting with great success in his sales.

MAG SEGEL LOSES LEG BY AMPUTATION

Max Segel, local fruit merchant, underwent an operation for the amputation of his leg at the Community hospital Saturday, and is now in a critical condition, according to reports from that institution. Segel had to have his other leg amputated more than a year ago and has been in ill health ever since.

City Briefs

County Auditor J. J. Shields was the guest of honor at a party given at his home by his two daughters, Madeline and Claire Shields, Sunday evening. The occasion was the birthday of the popular county official.

Mrs. Ralph Dodge is reported to be ill at her home as the result of a relapse of the flu from which she had recently recovered.

Mr. and Mrs. Albert Martins of San Francisco visited the former's sisters, Mrs. C. D. Sweet and Mrs. Philip Kroeck over the week end.

Rev. R. J. Currie has returned from a hurried trip to Toronto, Canada, where he had gone, accompanied by his brother, Rev. R. B. Currie of Pacific Grove. The brothers found their mother, who is critically ill, able to recognize them and glad to see them. Mrs. Currie is well along in years and is not expected to recover.

Mr. and Mrs. Earl Eickert visited the latter's family in San Rafael last week.

Mrs. Nellie Grove is seriously ill at her home on Clinton street.

Richard Hinton who has been confined to his home with scarlet fever for several weeks, is able to be out again.

Mr. and Mrs. Miles Sharkey and son, Philip, and Mr. and Mrs. Otto Johansen and son, Edward, visited Mr. and Mrs. R. Brown, in Berkeley this week. Mrs. Sharkey, Mrs. Johansen and Mrs. Brown are sisters.

Otis M. Carrington left yesterday for Kansas City, Mo., to attend the National Music Conference. Mr. Carrington is not only known as one of the sweetest singers of the country, but he is also becoming nationally known as a producer and publisher. The firm of Myers and Carrington annually publish large numbers of operas for school and entertainment purposes. Mr. Carrington will be away ten days.

Last Saturday being the birthday of Mr. Waldemar Musendorfer, a number of local and San Francisco friends surprised him most pleasantly at his home on Edgewood road. Cards and other forms of entertainment were used to make a most enjoyable evening.

ALBERT F. DUMMICK DIES IN SAN FRANCISCO

Albert F. Dummick, who formerly lived in Menlo Park, passed away this week in a San Francisco hospital after a severe attack of appendicitis. Dummick was a native of Germany and was 38 years of age. He is survived by his wife, Mrs. Charlotte Dummick. While residing in Menlo Park, where he was employed as a chauffeur, Dummick became a member of Redwood City Lodge F. & A. M. and continued his membership here until he moved to San Francisco and was admitted to Mt. Davidson lodge. The latter lodge conducted the funeral which was held Wednesday.

DEPUTY RECORDER ILL

Mrs. Robert Lettis, deputy county recorder and wife of the well known Redwood City realty man, was taken to the Community hospital at Beresford Thursday for a major operation. Mrs. Lettis has been ill for several weeks with an affection of the stomach, according to physicians.

Mrs. A. Stevens of Oakland is spending a few days with her daughter, Mrs. Wilbur Dosee and family at their home on Arlington road.

The birthday of Dave Moore of this city was the occasion of a large family celebration at the Moore home on Hopkins street Thursday evening. Those who were present included Mr. and Mrs. Moore, Harry Moore and son, Robert, Mr. and Mrs. Floyd Wehery and son of Mission San Jose, Mrs. Smith and Mrs. Ray and daughter, Elmore of Redwood City.

Mr. and Mrs. David L. Walter of Atherton are leaving next Monday for a two weeks' vacation to be spent in Los Angeles and San Diego. Old friends of the family, Mrs. Murray and daughters, will occupy the beautiful Atherton residence of Mr. and Mrs. Walter during their absence.

Chris Cussen attended the State Building Trades Council at Monterey last week as a delegate from the local union.

The neighbors of Woodcraft will hold a card party in the L. O. O. F. hall next Thursday evening at 7:30.

Mr. and Mrs. Percy Long and Mrs. George Holden drove to Madera last Sunday. Mr. and Mrs. Long returned at the same day but Mrs. Holden remained with her other daughter, Mrs. John McCrae and family. Mr. and Mrs. McCrae are planning to return to Redwood City and Mr. McCrae will be connected with the office of City Engineer C. L. Dimmitt.

Mrs. J. M. Eva, a former resident of Redwood City but now of San Francisco, visited friends here Thursday.

Kendall Towne was confined to the Palo Alto hospital for a couple of days this week. The young man had tonsils removed and suffered from a very sore throat.

A dozen of the friends of Miss Cora E. Clute, local school nurse, held a surprise party at the home of Mrs. G. D. Marvin, Ashley avenue, last Monday night. The evening was pleasantly spent at bridge, and all present wished Miss Clute many more happy birthdays.

SERIOUS OPERATION THURSDAY

C. H. Woodhams of the Woodhams Furniture Company underwent a serious operation in the Wakefield hospital in San Francisco Thursday for internal disorders. For several weeks the local man has been confined to the hospital and it was found that only an operation would save his life. The operation took place about noon and at last reports he is resting well and his speedy recovery is expected and hoped for by his friends.

The Redwood City Women's Club entertained a large number of friends at a card party at the local club house Thursday. Bridge, whist and Mah Jongg were enjoyed and an apron prize for high score at each table was provided.

Mrs. Kate Vidovich, wife of the late Mike Vidovich, died at San Jose Tuesday. The deceased was a native of Dalmatia, Yugoslavia, and was thirty years of age. For a time she resided here and was a niece of Walter Ellich and Mrs. John Dusanica of Portola Valley.

KIWANIS CLUB PLANS BURLESQUE APRIL 17

Rehearsals seem to be the order of the day, and not to be outdone in any particular, the Redwood City Kiwanis Club has launched a long series of rehearsals which will culminate in the production of one of the brightest burlesque shows which has ever been offered to the local public. The title of the play is, "The Woman Spy," and those who have seen the parts are enthusiastic in the choice of characters who will distinguish themselves in the various roles. The play was chosen by B. E. Myers and O. M. Carrington of the Sequoia Union High School faculty, and the cast is being coached by the same gentlemen.

The date set for the show is April 17, the location is the Sequoia auditorium. All parts are being taken by members of the Kiwanis Club, and something out of the ordinary is promised.

WILL VISIT HOMELAND

Mr. and Mrs. Henry Martens and Mr. and Mrs. A. Martens of San Francisco were week-end visitors with Mr. and Mrs. Caswell Sweet. Mr. and Mrs. Martens and their daughter, Mrs. Philip Kroeck, of this city will leave next Friday on an extended trip abroad. They will sail by way of the Panama Canal for New York and from there will embark for Europe. The first stop of any length will be at Oldenburg, Germany, where Mr. Martens was born and spent his boyhood. They will then tour Europe, going later to Egypt and then to Jerusalem and the Holy Lands. On their return to Europe they will visit Paris and London and sail for home during September.

CONGREGATIONAL LADIES PLAN APRIL POOL PARTY

The Young Ladies' Auxiliary of the Congregational church will hold an April Pool party on Wednesday evening, April 1st, starting at 8 o'clock. A prize is offered to the lady appearing in the most foolish costume. Many surprises are planned by the committee.

The committee in charge of this affair consists of the following ladies: Mrs. H. E. Hallett, Mrs. Philip Forsythe, Miss Margaret Dosee, and Miss Ruby George. All the young ladies of the community are invited.

ILLUSTRATE FIRE PREVENTION

A large and enthusiastic gathering of the residents of Ravenswood, North Palo Alto and Ranamede met at the Ravenswood school house Wednesday night in response to an invitation issued by the Menlo Park Fire Commissioners, Messrs. Charles H. Merrill, A. G. C. Hahn and Clarence R. Walter.

The gentlemen named, as individuals, and not in their official capacity, had proceeded, without expense to the fire district, two fire prevention moving pictures, issued under the auspices of the National Board of Fire Underwriters. These pictures were shown, together with a comic fire picture by Tony Sarg. The serious pictures showed how everyone who had the good fortune to see them might help to prevent fires by observing certain precautions in and around the home.

After the fire prevention pictures had been thrown on the screen, Mr. Merrill officiated as unofficial chairman, told a couple of rattling good fire stories, and then called on Mr. Hahn, who, in a more serious vein, set forth how the fire district has been administered for the last nine years, during which time he and Mr. Walter had served on the board and how the service rendered had been so efficient as to incur the favorable comment of the Board of Underwriters of the Pacific Coast. The Underwriters said that in their opinion the Menlo Park fire district had one of the best country fire departments on the entire Pacific Coast. Mr. Hahn then asked that in view of the splendid record of his colleagues, Mr. Walter, who is standing for reelection as Fire Commissioner for the district on April 6th, he receive the support of the voters present in his audience.

Mr. Merrill then called on Mr. Walter, who brought before the audience the following facts: That during his tenure of office since 1918, whereas the county tax rate had been increased \$1.00 for the same period, the fire district rate had been increased but 4 cents. He called further attention to the fact that whereas by law the Fire Commissioners the first year were authorized to assess a tax of \$38,000, their tax had been only \$14,000, and in subsequent years whereas they might have assessed a tax of \$18,000, they had levied taxes starting at \$5500 and never exceeding \$8,000.

It is rather noteworthy that San Carlos formed a fire district, and also Halfmoon Bay and each of these districts levied the full \$1.00 per hundred, allowable by law the first year, and the full 50 cents allowable by law the second year, whereas the Menlo Fire District was only assessed 4 cents the first year, and not over 26 cents subsequent to 1918.

Those who had the opportunity of hearing this brief history of the district, whether partisan or non-partisan, could not fail to be convinced from the showing made that the interests of the individual taxpayer and the fire protection given by the present board would be best carried on by the returning of Mr. Walter to office.

The entertainment was concluded apparently much to the enjoyment of the children present, as well as their elders, by the showing of an antediluvian fire department cartoon by Tony Sarg.

George M. Cohan's Famous Play to Be Staged

"Seven Keys to Baldpate," George M. Cohan's famous melodramatic farce, will be presented next Friday evening, April 3, by the Boys' Dramatic Club of Sequoia.

The cast numbers several stars, notably, Burton Cairns, George Cleece, Margorie Kiew and Ruth Whitehead, all of whom may be expected to give a splendid account of themselves.

The play is filled with tense moments. Ghosts walk, pistol shots are heard in the night, unusual occurrences stir the spectator, while a terrific storm rages outside.

Miss Boyle, who is coaching the play is planning an elaborate setting with special lighting and storm effects. Mr. Bogie and the stage crew will construct the scenery.

TWO HUNDRED SEATED AT SCHOOL BOND ELECTION

At the time of going to press with this issue of the Times-Gazette the voters of Redwood City are voting on the issuance of \$45,000 in school bonds as well as election of trustees for both the grammar and high schools. At this time the vote is unusually large for a school election and from all indications the bonds will carry by a big majority.

As there is no contest in either of the school bond elections it is a foregone conclusion that the same trustees will be elected. The trustees who are now running for office are James Hodge and L. H. Brown for the high school and John Poole for the grammar school.

LEGION LOOKS FOR CLUB HOUSE SITE

"O give me a house by the side of the road" sang the American Legion, and the vestry of St. Peter's Episcopal church responded by giving them the church. But that was only the beginning of the troubles of the local Legion, who now is confronted with the question of where to put their new headquarters.

The church will soon be vacated by the congregation which is planning the erection of a new building in the Highlands soon. When the church is no longer needed for the church purposes the Legion must move it off the present site, which will be sold for business purposes. It will then be used as a club house by the Legion and other veteran organizations.

A committee is now seeking a site for the building after its removal. The proposition of taking it over the Alpine road to the Memorial park has been given up, it is reported.

RECONSTRUCTING WORK ON CANYADA ROAD

Supervisor John MacBain has a crew of men, under the direction of P. W. Johnson, reconstructing the Canyada road. The thoroughfare is to be closed to the public for a period of four weeks. In the interim the public are advised to use the highway. When completed the Canyada will be one of the finest thoroughfares in the county.

BOXING IN SOUTH

Jack Parsons, a Menlo Park youth, who was graduated from Sequoia last June and is now a Stanford student, left with the Stanford boxing team last Friday for Southern California. Jack is one of the best light weights at Stanford and upheld the reputation of his Alma Mater in a number of college events in Los Angeles. The team will return home today.

LAS LOMITAS P. T. A. COMMUNITY SINGING

The Las Lomitas Parent-Teacher Association will meet Friday, April 3, at the school house at 2:30. The program will consist of community singing under the leadership of Mrs. W. Malcolm.

SAN CARLOS LOOKS TO INCORPORATION

To be or not to be. Such is the question which confronts San Carlos, incorporation. The rapidity with which the little settlement just north of here has developed has created a demand for incorporation. Following a mass meeting of the citizens last week a committee of property owners was appointed which is now busily engaged in investigating the advantages of incorporation.

The committee consisting of Asa Hull, Fred Drake, J. W. Davis, John Yakel and John Cowell, are now making a study of the incorporation of Atherton, Mayfield and San Bruno, and will make a report and recommendations in the near future.

WOODSIDE

Samuel Pond will leave for Paris on the first of the month to escort Mrs. Pond and the children, Barbara and Peter, back to their home in Woodside. The Ponds have been in Europe for a year but the illness of Peter, first with the measles and then with influenza has somewhat curtailed their opportunity for sightseeing.

Miss Hazel Meyer received a present from her brother on the occasion of her birthday, this week, of a new automobile.

John Volplane and Alfred Perpoli resisted the attractions of high school to go on a fishing trip to the coast on Thursday.

Miss Addie Tripp is the latest member to join the radio colony of Woodside. There are not many homes in Woodside where the radio has not found a place.

The Trail Committee of the Trail Club, under the chairmanship of Mrs. Nat Messer, is busily engaged in looking after the bridal paths of the club that they may be in condition to afford the maximum of pleasure to the club members this summer. Henry Meyer is in charge of the work and is repairing the damage of the winter rains to the old paths and is opening two new paths paralleling the Skyline Boulevard on the ridge.

The first section of the new road on the Canyada road has been completed and thrown open to traffic and offers a pleasing contrast to the old road spotted with chuckholes. When the entire road is rebuilt, it will offer one of the most attractive drives in the valley.

Miss May Hubbard, superintendent of the local Sunday school, is busy drilling her pupils in their parts for the Easter services which at this church are always conducted by the children of the Sunday school. Stanley Harris is building another addition to his home. This building of additions is becoming a habit with Mr. Harris, faithfully observed each spring.

The temporary stables at the Roth place are giving way to a permanent structure of concrete so handsome in appearance and so elaborate in appointment as to make some of us envy the lives of horses.

We are sorry to see a "For Sale" sign on the property of Dr. Topham. His has so greatly improved the place during his ownership that we shall be sorry to lose him.

Mrs. A. H. Audiffred entertained Mrs. F. H. Mighall, Mrs. J. D. Gish, and Mrs. J. L. Ross, Jr., at luncheon at Tait's-at-the-Beach and afterwards at a Mah Jongg party given by the Ladies Auxiliary of California Commandery at the Masonic Temple at San Francisco.

Joseph Hallett is unopposed for reelection as school trustee. During his many years of service as clerk of the board he has won the confidence and appreciation of all residents of the district for his devotion to the interests of the school and his efficiency in handling its affairs.

Mr. and Mrs. Assmus have left their employment with James Huddart and returned with their family to their home in Redwood City, near Five Points.

Mr. and Mrs. William Byrne departed on Wednesday for a motor trip to Tia Juana.

VOTE COUNT

STANDING OF ENTRANTS IN GIFT CONTEST
District No. 1.

Following is the vote count received up to Thursday night:	
Miss Louise K. Brown	1,121,300
Mrs. Robert L. Conner	1,597,125
Mrs. Esther Crugh	1,345,000
Miss Emille Estelita	498,200
Mrs. A. Gearey	1,501,650
Miss Inez Jamieson	1,401,425
Mrs. Dora Moore	1,207,425

CLOTHES AND THE MAN

Do clothes make the man? It has long been a moot question. In some countries it has been decided that they do; in fact, it is thought that half-wit given enough gold lace makes a better king than a philosopher would. In this country opinion has generally been the other way. Franklin wore homespun and was proud of it, and we do not recall a president of the United States who was a fop.

But among those who have little else to worry about clothes seem to be a vital question. This week the papers of the nation carried the story of the shocking breach of decorum on the part of a cabinet officer of this republic. He actually appeared at his office in a business suit, instead of a frock coat, and wearing a red necktie. This was enough to bring a storm of criticism about the head of the intrepid cabinet member.

Lord help a country where clothes become the gauge of public officials; where manhood in plain clothes becomes the object of criticism and where mediocrity hiding behind a frock coat guides the destiny of the nation. In a republic, especially, clothes should be a secondary consideration, and criticism aimed at a man because he wears a type of suit that does not suit some one else should only reflect on his empty pated critics.

This reverence for dress is, like the reverence for wealth, a sure sign of decay. And where it becomes well developed leads to the same conditions which made England in the time of the Georges too disagreeable for our plain spoken and plainly dressed ancestors. The words of Robert Burns might well be studied in this land of ours where, thank Heaven, a man may still wear a plain suit to his office.

"Ye see yon birkie ca'd a laird,
What struts and stairs an' a' that?
Though hundreds worship at his word,
He's but a coof for a' that.
For a' that and a' that,
His ribboned star and a' that.
The rank is but the penny stamp,
The man's the goad for a' that."

Or the lines of Goldsmith:

"Ill fares the land to hastening ills a prey,
Where wealth accumulates and men decay."

MURDER AND THE LAW.

EVEN in these progressive times man still bears the stamp of the caveman, and in every custom and law may be found the mark of the primitive. In most things these outcroppings of the Pleistocene man are not prejudicial to the present state of society, in fact, they form the foundation on which modern achievement has been builded. There is one exception, however.

From the earliest days of primitive man has come the law of recompensation, the idea of vengeance, the eye for an eye, and a tooth for a tooth standard. In minor details the old law has become modified and the rough edges have become polished by the vicissitudes of centuries of cultivation. Yet it still stands like a dyke of bedrock in the field of human law—a life for a life.

Next month a boy, a young boy, will pay the penalty, and the old law of the caveman will again show forth through the veneer of the twentieth century cultivation. The crime for which this boy will hang in April was murder, yet it had many mitigating circumstances, and then he is only a boy. There is hope for even a bad boy, and we do not believe that hanging will make him better. Not in this world. The affair may be a warning to other boys, but there have been so many similar warnings and the same thing happens yet. Perhaps seeing the State commit a murder will help to deter another from a similar crime, but we do not believe it will. The state should be an example and, where hangings continue the example cannot be very conducive to good.

A STRIKING INNOVATION

RADIO likely to penetrate into that stronghold of conservatism, the English House of Lords, according to current dispatches. It is reported that the proceedings of both houses of Parliament will be broadcasted on the ether.

We do not believe that the lengthy platitudes of Lord Deliverus or the diatribes of the opposition will ever vie in interest to the general public with the Darby or the results of the cricket match. But it is at least an innovation. Perhaps if the speeches of the members of governing bodies generally were delivered verbatim to the constituents without the softening influence of a press agent, the results of the general elections might show more intelligence on the part of the public.

ADVERTISING

DOES nature believe in advertising? We'll say she does. When it's Spring every tree, bush and blade of grass proclaims the fact. If we had to search out old Dame Nature and asks her when it was Spring, not many would take the trouble. Merchants often expect people to come to their stores and ask what they have to sell. Others follow the example of the wise old lady who uses every wayside shrub to shout her wares. Which type would you expect to prosper? So would we.

CHINESE GAMBLERS
FINED 150 DOLLARS

Wong Chuck, Menlo Park Chinese, arrested on January 7 by Sheriff T. C. McGovern and posse on a charge of conducting a gambling game at his so-called soft-drink emporium, appeared Tuesday before Justice of the Peace Ray Griffin with his attorney, withdrew his plea of not guilty previously entered, and entered a plea of guilty.

Chuck was fined \$150, or sentenced to serve 75 days in the county jail. The fine was paid.

P. T. A. RAISES MONEY
FOR MUCH NEEDED WORK

The San Carlos Parent-Teacher Association held a whist party and dance at the school house on Saturday evening. This party and dance was given to raise funds to purchase shoes for the needy children of San Mateo county. Mrs. Andrew Johnson was chairman of the evening, assisted by Mrs. Edward Wheeler, Mrs. E. J. Burton, Mrs. Fred Walker, and Mrs. L. P. Hopkins. A total of \$24.00 was realized at this affair. There were 16 tables.

COASTSIDE FARMERS REPORT
PROSPEROUS SEASON HERE

With farm produce being shipped from the coastside at the rate of more than two carloads a day, the farmers of the coastside of San Mateo county are experiencing an era of unusual prosperity. The rains of last winter have produced heavy crops in the fertile region between the mountains and the ocean and the transportation facilities are being taxed to the limit with handling the large shipments leaving daily.

The products of the coastside consist largely in horse beans, peas, artichokes, spinach and sprouts. Of these the artichoke is by far the largest crop, forming one of the most important products of the county.

Ball Bearing Long Wearing

In addition to business correspondence the modern office has a large variety of work for the typewriter.

Tabulating, billing (simple and condensed) stencil cutting, writing on ruled forms and many other kinds of office work can be all be done on the L. C. Smith & Bros. typewriter.

The decimal tabulator and the variable line spacer are part of the inbuilt service of every L. C. Smith & Bros. machine.

Typewriters rented or sold on easy monthly payments

SAN CARLOS

San Carlos Fire Department

To Give Card Party and Dance

The San Carlos Fire Department are giving an invitational card party and dance at the school house on this Saturday evening, March 28. This is the first affair of this kind given by the department. Harry Gee is chairman of the committee.

Police Protection and Incorporation discussed at Meeting

The "Home Section" of the San Carlos Parent-Teacher Association met at the home of Mrs. Fred Walker on Wednesday. Many interesting reports were read at this meeting. The subject of police protection and incorporation were given careful consideration by the members present. Those present were: Mrs. D. L. Stewart, Mrs. Robert L. Simpson, Mrs. H. Smith, Mrs. O. D. Fairfield, Mrs. J. Davis, Mrs. F. Whigham, Mrs. Edward Wheeler, Mrs. W. H. Gatchal, Mrs. Andrew Johnson, Mrs. W. L. Kneale, Mrs. E. J. Burton and Mrs. Fred Walker. Refreshments were served by the hostess.

At a mass meeting called by Dr. J. G. Nall acting as chairman and on Monday evening a committee of five were appointed to investigate the advantages and disadvantages of incorporating the district as a city.

To get figures and specific statements as to the cost of maintaining such election to incorporate and the salaries of the different officials holding position in such incorporated city. San Carlos is rapidly growing and the citizens feel the need of such incorporation. Those named on the committee were: Mrs. H. Hull, Fred H. Drake, J. A. Yakes, J. W. Davis and John E. Cowgill.

The towns from which it was suggested to get this information are San Bruno, Mayfield and Atherton. The problems to be investigated are police protection, license fee and traffic regulations. Mrs. D. L. Stewart, a member of the San Carlos Parent-Teacher Association, was present and read a resolution which the association passed advocating incorporation and which they will give their support.

The next meeting will be called by Chairman Nall when the committee informs him that they have secured the necessary information on incorporation. Attorney A. J. Stebbens was present and was kind enough to answer all inquiries put to him by the citizens in regard to this subject.

Miss Brown, music teacher of San Mateo schools, visited the San Carlos school on Wednesday.

A. Russell and W. Mallory were guests at the Masque card party on Friday evening.

Miss Coral Burnett and a party of friends spent Tuesday evening at the Palace hotel.

A. M. Planka of San Francisco was a visitor at his property on Sunday.

Mr. and Mrs. E. Monroe and family from the San Carlos Electric shop spent last Sunday visiting relatives in San Francisco.

Mr. and Mrs. J. Davis spent the week end visiting with Mr. and Mrs. P. Connolly at their home in San Francisco.

Pescadero Notes

Items of Interest

Ann Nuevo Parlor No. 280, N. D. G. W. will meet the first and third Wednesday evening, starting April 1st, instead of afternoons.

Mr. and Mrs. Walter H. Moore are spending this week end with Mr. and Mrs. Max Rehnik of San Francisco.

Mrs. A. J. Goulson is greatly improved.

Pat Cardoza and Frank Bernardo of Halfmoon Bay were here on business this week.

Jouquin Canola has been quite ill and confined to his bed this week.

Mr. and Mrs. George Fatjo of Santa Clara with their family spent week end in the Butano.

Misses Helen, Pauline and Clara Bernardo, Dorothy Ross and Leslie Helena of Halfmoon Bay spent Sunday visiting friends here.

Mr. and Mrs. Glee Poltu and daughter of Oakland were recent visitors in Pescadero.

The new garage of San Gregorio street be a great improvement to the town.

Mr. and Mrs. James Zanone and daughter, Betty of La Honda, motored down Tuesday. Mrs. Zanone will start a music class here.

Mrs. J. A. McCormick and Mrs. Bert Paul and children were recent visitors in San Francisco.

Mrs. Theresa McCormick and Miss Alice Moran were bruised in an auto accident last Saturday night about a mile out of Santa Cruz.

Mr. and Mrs. F. G. Williamson and children, Earle and Harriet, Mr. and Mrs. J. S. Noquite and son, Morton, Mr. and Mrs. J. A. Baker spent Saturday evening in the Butano. C. V. Thompson joined the party Sunday.

Mrs. Frank Quadros and infant son, Frank Jr., returned from Monterey Sunday.

Born to the wife of Chas. E. Steele Jr., a daughter.

Great improvements are being made in the gardens at the Pescadero Inn.

The students of the Pescadero High School are planning on the Annual Carnelian ball which will be held April 25 at the L. D. E. S. hall. Admission will be one dollar per couple and five for extra ladies.

J. C. Williamson and William A. Moore motored to Redwood Saturday for funeral of Judge Borden at Halfmoon Bay.

Mr. and Mrs. Stephen Kelly and Mr. and Mrs. Jack Harper of San Francisco spent the week end with Mr. and Mrs. E. T. Enos.

Mrs. Jack Dias and Mrs. Manuel Dias have the sympathy of their friends in the loss of their brother, William Hattabough.

Gust Winkler spent last week end in Santa Cruz as the guests of Mr. and Mrs. H. Meis.

Mrs. Maria Gianola is in San Francisco visiting relatives.

Mr. and Mrs. Frank Raney and daughter of Mill Valley visited the former's mother, Mrs. Ida E. Raney Tuesday.

Mrs. Frank Luis and daughter, Grace and son Alfred and M. Fran-

EAST PALO ALTO

Runnymede Park

Purchased by A. P. Berges

One of the largest real estate deals in the colony of late was the purchase of Runnymede Park, including several single lots and the grove from Charles Weeks by A. P. Berges of Cooley avenue.

Lowering of Water Level Requires Deeper Wells

Lowering of the water level has made it necessary to deepen some of the wells in the community. Installation of a motor completed a deep well on Cooley avenue yesterday.

The well is 255 feet deep. S. W. Hull and Albert Hansen have a partnership in one 250-ft. well for their property and a community well for five neighbors on Almond street is now being drilled.

Crosby, A. Anderson, Shelly and Abbay, J. A. Cameron and R. J. Aldaeseia make up the company.

August Benson of Palo Alto has commenced the construction of a large bungalow on lots he has owned on Cooley avenue in Runnymede Park, and McFall & Moore are enlarging their poultry houses on Clark avenue.

E. K. Clendening of Campbell, deputy master of the State Grange, Geo. Miller, master of the Mountain View Grange, and J. M. Bone, master of the Santa Clara County Farmers Grange, were speakers at the newly organized Dunbarton Grange meeting Monday night. The speakers emphasized what the Grange has and can accomplish. After the talks a social hour with refreshments was enjoyed.

Owing to the illness in the home of Mrs. Geo. V. Hand, who was drilling the Community Players' cast in the play, "Mr. Bob," the play has had to be postponed one week and will not be presented until Saturday evening, April 4th. J. Lyman Smith of Stanford has been secured to finish the direction of the play.

C. P. Allberry of Palo Alto has leased the tower house on the Ames Davis place on Cooley avenue and A. W. Shellgrain of San Francisco has returned the Black place on Almond street.

Clas spent Saturday in San Jose and vicinity.

Mrs. Ida Floppanilo and son of San Mateo is visiting her aunt and uncle, Mr. and Mrs. Manuel Rodriguez.

Mr. and Mrs. Ben Blaisdell of Santa Cruz visited at the home of Mr. and Mrs. D. C. Adair and at Shaw Brothers' home this week.

Work will soon commence on the road between here and San Gregorio which will be a great improvement to this end of the county. A tool house has been built on the Tom Moore ranch and a crusher has been installed, near the quarry which will furnish the rock.

Japan's Advancement

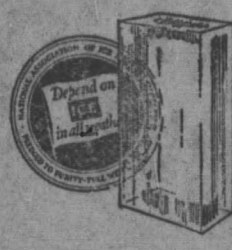

Japan has so developed its electric power that it is one of the best served countries in an electrical way in the world.

A Springtime guardian of your health

your food your purse

Have your ice man call oftener—and you'll need fewer calls from the doctor. Good health is closely allied to good food, and in the changing temperatures of Spring you positively do need ice regularly to keep your foods pure and wholesome. A well-filled refrigerator means less wasted food—and lower food bills. Ice costs little. Order it regularly and it will pay for itself in the food it saves.

Details for Final Count

In Order to Maintain the Utmost Secrecy as to the Number of Subscriptions Turned in By Each Candidate This---THE LAST WEEK---of The Big Automobile Race will be Brought to a Close Under a Sealed Ballot Box

THE LAST CREDIT SCORE

To Appear Before the Close of the Campaign Appears Today

No subscriptions whatever will be accepted through the campaign department this week, but instead, candidates themselves will deposit their final collections in the SEALED BALLOT BOX located at the Times-Gazette Office. By so doing, no one, not even the campaign manager, nor the publishers, can possibly know the credit strength of the respective candidates, which precludes any possibility of favoritism and insures fairness to the minutest degree.

Locked and sealed, the box will be placed in the Times-Gazette Office, where it will remain until Tuesday, March 31, when it will be opened by the judges and the counting will begin at once.

When the final hour arrives the campaign will be declared closed. The judges will break the seals, unlock the box and immediately thereafter or as soon as credits can be issued on subscriptions contained therein, the last count will begin. The winners will be determined by merely adding the published credit totals which appear for the last time in today's issue of the Times-Gazette to reserve credits and those contained in the ballot box. There will be no waiting; no complicated count, but simply a matter of adding the credit totals and announcing the winners.

READ THIS
PAGE
CAREFULLY

It is calculated that it will require some time, however, to canvass the findings in the box to determine the winners. The official results will be published as soon thereafter as possible.

Out-of-Town Candidates, Attention!

Heretofore, out-of-town candidates have had the privilege of mailing their letters containing subscriptions from their home town as late as the closing hour of various "periods." This will not be permitted the last night of the campaign. ALL CREDITS AND SUBSCRIPTIONS MUST BE IN THE SEALED BOX WHEN THE RACE IS CLOSED AT 10 O'CLOCK SHARP.

Out-of-town candidates should, where it is possible to do so, arrange to deposit their envelopes in person in the ballot box, but where this cannot be done, letter containing final remittances should be addressed to CAMPAIGN DEPARTMENT, the Times-Gazette, Redwood City, Calif., and plainly marked, "FOR SEALED BALLOT BOX—NOT TO BE OPENED." Particular care should be taken to post such letters in good time to reach this office before the final hour and it is advisable that they should be under a special delivery stamp.

IMPORTANT NOTICE!

All Subscriptions Deposited in the Sealed Ballot Box Must be Accompanied by Cash, Money Order or Certified Check for the Full Amount. No personal checks are acceptable. This Rule is Made in fairness to all Candidates and will be Strictly Adhered to.

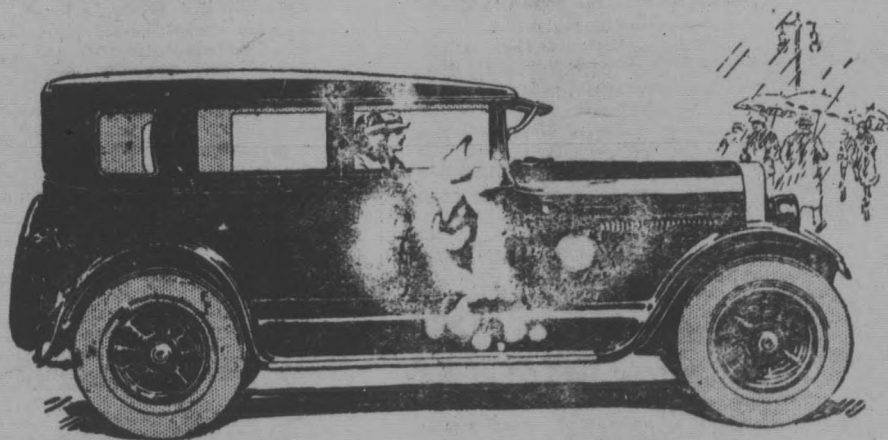

Last Period

Embracing the last week, terminating March 31, the following number of credits will be issued on subscriptions.

6 months	1,000
1 Year	4,000
2 Years	17,000
3 Years	40,000
4 Years	95,000
6 Years	160,000

A special ballot good for 100,000 credits will be issued on every "club" of \$15.00 turned in. This is in addition to the regular number of credits allowed on every subscription secured up until 10 o'clock Tuesday night, March 31st, the last hour of the campaign.

Grand Capital Prize

THE NEW STUDEBAKER STANDARD SIX DUPLEX-PHAETON.
PURCHASED FROM MOTOR SALES CO., OF SAN MATEO COUNTY, DISTRIBUTORS OF STUDEBAKER AUTOMOBILES.

The Judges

As was announced at the start of the Times-Gazette campaign, a committee of judges has been selected, who are to take charge of the final count of credits and the awarding of the prizes. The findings of the ballot box are to be canvassed Tuesday night after the campaign has been declared closed. The personnel of the advisory board is as follows:

A. W. Grimmstein of Grimmstein's Electric Store, Redwood City.

J. J. Witte, Manager of the Nonneman Motor Co., Redwood City.

John E. Layng of the Redwood City Undertaking Co., Redwood City.

All of these gentlemen are well known to every one in Redwood City and the surrounding territory and the final results given out by them will be beyond dispute.

WARNING

Every candidate is urged to compare his or her totals with the record of the Times-Gazette. If the Times-Gazette count is not absolutely correct, according to your figures and records notify the campaign manager immediately, so that proper correction can be made before the close of the campaign. No corrections will be made after Monday.

Candidates MUST verify and attest to the correctness of their count IMMEDIATELY.

FREE CREDIT COUPON

The Times-Gazette "Everybody Wins" Campaign

GOOD FOR 25 CREDITS

I hereby cast 25 FREE CREDITS for

Miss, Mr. or Mrs.

Address

This coupon, neatly clipped out, name and address of the candidate filled in, and mailed or delivered to the Campaign Department of the Times-Gazette, will count as 25 FREE CREDITS. It does not cost anything to cast these coupons for your favorite candidate, and you are not restricted in any sense in voting them. Get all you can and send them in—they all count.

Do not roll or fold. Deliver in flat package.

NOTE—This coupon must be voted on or before March 31.

TAKE NOTICE

In accordance with the rules and regulations published at the beginning, those candidates who do not win one of the regularly stated prizes and who have made a cash report each week of the campaign since their entry, will be entitled to commissions. If you want your commissions, it will be best to "stay alive" during the short time that remains, making at least one cash report this week.

Cleaning Without Odor by the F. Thomas Process

Our many years of experience have taught us that it is impossible to do perfect cleaning with cheap, inferior methods. That is why we found it necessary to invest nearly \$500,000 in the equipment of a plant and the establishment of an expert organization to do the quality of work demanded by our customers.

With the "F. Thomas Process" we not only remove every particle of dust but we return your garments without that usual disagreeable smell of gasoline. Every drop of gasoline we use in cleaning is redistilled and very highly refined.

Raw gasoline—the kind that you buy for your automobile—is full of heavy oils and unfit for cleaning fabrics. It is little better than ordinary kerosene and leaves a sickening "gasoline" smell in your clothes.

Picture of Thrills
Voyage of "Speejaacks" to be Shown At Local Theatre

Albert Y. Gowen and Mrs. Gowen of Cleveland, O., were eye-witnesses of the Greek revolution and events which led up to the ousting of King Constantine from the throne. Commander Gowen and his party on board the motor yacht, "Speejaacks," in a globe-encircling tour, visited most of the countries bordering on the Pacific Ocean, Australia, New Zealand, India, China, Burma, the Malay Archipelago and Siam. Stops were also made at the principal groups of islands in the South Seas, Samoa, Fiji, Solomon Islands, Society and Marshall Islands. Thousands of feet of motion picture film were taken in each stopping-off place, and the entire picture, "Around the World in the Speejaacks," will be one of the features at the Sequoia Theatre on Friday next, April 3.

YE OLDE COUNTRY EDITOR

Have you ever met his honor, the editor of a country newspaper? You'll go far and wide before you meet his equal for rich idiosyncrasy, what the old writers used to call "obliquity of mind"; that is provided you are fortunate enough to encounter a real typical veteran editor of some lazy weekly put out now and then—more than now—in some backwoods region of the far west, or in some snuggling little hamlet of New England.

He takes his time, does the old country editor; goes a-fishing and lets the proofs accumulate a fine layer of dust till he gets good and ready with his rods and bait; leans restfully with his feet against the porch while he surveys the unexcited estate and the even more unexcited landscape; wonders whether or he ought to take Frank Miller's offer of a goat for two years' subscription; and discusses with the boys at the grocery store whether barns should be painted red or yellow; and then after he thinks how nice it would be to do a little work and set some type, he gets out an issue bristling with local news, and stating in a very grandiloquent editorial that the county opinion is seething with excitement about something or other.

If you want to see a typical country newspaper of today take in "The Printer's Devil," Wesley Barry's latest starring vehicle which will come to the Sequoia Theatre on Friday next, April 3. The love interest and adventure with which the picture is said to be bristling, centers about a printing press of Briggsville, where Brick Hubbard acts as printer's devil, chief engineer, reporter, janitor and assistant editor of the Gazette, besides cutting up a lot of his own.

It is a rollicking comedy, sparkling with good clean fun of the kind that is certain to please old and young alike—persons of every walk in life and disposition of mind. For his supporting cast Wesley Barry has Katherine McGuire, Loyla King, George Pearce, Ray Cannon, Mary Halter and Harry Rottenberg.

It is a Warner Brothers' classic of the screen, directed by William Beaudine, from the original story by Julien Josephson.

FUR LAND—THE WILD CANADIAN FOREST DEPICTED IN "WOLVES OF THE NORTH"

The demand for fur is international. Fur has been hunted in the wild and fall of many dynasties. Commercial efforts to secure fur for fashion, ornament and luxury, told in the plainest form, reads like the pages of romance. In Britain's bleak Dominion, where sullen rivers wind their way through dark forest and treacherous rapids go down to maintain the great waterfalls, in barren regions of eternal ice, the Great North Corporation and the Chester Trading Company, vied with each other, in bitter rivalry for fur. These interesting and romantic phases of commercial struggle are clearly depicted in "Wolves of the North," showing at the Sequoia Theatre next Saturday, April 4. Fur is interesting. The coat you wear was once in the wild woods of the great families, viz.: Carnivores: Foxes, bears, wolves, raccoons, snakes, martens, skunks, kolinks, ermines, cats, sea otter, seals, lions, tigers, leopards and lynxes. Rodents: Beavers, nutrias, musquash, marmots, hamsters, chinchillas, hares, rabbits, squirrels, Ulagata: Persian, Anstrachan, Grimean, Chinese and Tibetan lambs, goats, ponies and guanacos and the Marsupialia: Opossums, wallabies and kangaroos. The precious furs are sable, seal, fox.

silver, black or white, ermine, chinchilla and sea otter. The Russian sable is a species of marten soft brown in color and has quantities of silver hairs, evenly distributed. Cold countries produce the best fur. It has been discovered that the fine fur-bearing animals, when placed in captivity do not produce the beautiful coats they have when living in the wild woods, scrambling for a living.

FRANCES HOWARD PREFERS SCREEN TO LEGITIMATE STAGE

After making her first motion picture appearance in Paramount's "The Swan," Frances Howard, prominent on the Broadway stage, is ready to testify that working on the screen is "great fun."

"I like pictures better than the stage," she goes on to say, "and I have always been interested in the theatre at home."

"Everything is so much more real in pictures than it is on the stage. When there is rain, you get wet, but on the stage there would be only a few drops of water come down. The other day, for a scene I cooked real potatoes over a real fire and I didn't have to act to register that it was hot standing over the stove. The reality and the little details that are so carefully attended to are what I like about motion pictures."

"Being my first picture, naturally I was enthusiastic about everything I saw in the big studio. It was a wonderful mystery to me, although I gradually fathomed the intricacies of it. Talk about the thrill that comes once in a life-time—it's breaking into the movies."

Miss Howard is featured with Adolphe Menjou and Ricardo Cortez in "The Swan," a Dimitri Buchowetzki production due on Monday and Tuesday, Mar. 30 and 31 at the Sequoia Theatre, with the first show starting at 7:30 p. m. There's a fine supporting cast.

TWO BIG STARS IN "AS MAN DESIRES"

Milton Sills and Viola Dana Here Soon in Romance of the Orient

Milton Sills and Viola Dana are together again. The picture stars, who have played together on many occasions in the past, are the top-notchers in "As Man Desires," a highly romantic, colorful story of the Orient and the South Seas, which opens Wednesday and Thursday, April 1 and 2 at the Sequoia Theatre.

The two are billed as the co-featured players in this First National picture and are to be supported by an unusually strong cast including Ruth Clifford, Rosemary Theby, Tom Kennedy, Paul Nicholson, Lou Payne, Hector Sarno, Anna May Walthall, Edne Altemus and Frank Leigh.

In "As Man Desires," Sills, famed as "The Sea Hawk," enacts the part of a British army officer who, accused of murder, flees to Tahiti and becomes the notorious captain of a pearl fishing vessel.

Miss Dana's role is that of a vivacious, flirtatious native dancing girl, whose sacrificial love for Sills is the powerful motive around which the thrilling plot revolves.

The picture is one of action from start to finish. It was directed by Irving Cummings under the supervision of Earl Hudson.

TWENTY-FIVE YEARS AGO

From the Times-Gazette of March 31, 1900

T. C. Rice, the contractor, has bought two lots fronting on Phelps street. The property formerly belonged to John Solan.

Dr. Barret, Philip Princevalle and Emely Vasquez are attending the district convention of the Fraternal Aid Association at Santa Clara.

Ernest Werder, Arthur Nelson and Ira Southerland will start about the first of April for Chicago. They will go a-whole and expect to have a fine time.

A large number of people had planned to visit the wreck of the ship City of Florence at Halfmoon Bay tomorrow, but as the vessel has entirely disappeared it will be useless to make the trip.

George C. Ross will move his law office to commodious quarters in the new bank building the first week in April. The office are nicely appointed and well located. Mr. Ross' building on Main street has been leased to other parties.

Work has begun on Dr. Ross' new building, adjoining the new bank building. The upper floor will contain several handsome offices and the lower floor commodious storerooms.

SUIT FILED IN BEDEL ESTATE

Suit was begun in the Superior court here this week by C. C. Benson of this city against Edward F. Fieserick, administrator of the estate of Alice W. Bedel. The suit is the result of a claim filed by Benson following the death of Mrs. Bedel, which was rejected by the administrator of her estate.

Benson now is suing to collect \$3,477.50 which he claims due him as follows: board and room of the deceased, \$822.50; services in caring for her, \$235.00; to nurse, \$100.00; assistant \$30; funeral services \$75; and long distance telephone calls \$100.

The Kitchen Cabinet

(© 1925, Western Newspaper Union.)

He has achieved success who has lived well, laughed often and loved much; who has gained the respect of his fellow men and whose children have followed in his steps.

FOR DINNER

Those who like chilies will enjoy one made from this recipe:

Chili Con Carne.—Take one-half pound of fresh lean pork with some fat, one and one-half pounds of round steak, all put through the meat grinder. Brown three good-sized sliced onions, add the meat, a dried chili pepper, two quarts of tomato, salt, pepper, and two or three tablespoonfuls of chili powder. Cook very slowly for three hours, then add two cans of kidney beans and let the whole cook another half-hour. Serve in bowls.

Dinner Cheese.—Put through a meat grinder one-half cupful of stuffed olives; add one cream cheese, and when well blended add two cupfuls of grated American cheese. Season well with salt, roll in long roll and decorate with a few thinly sliced stuffed olives. Pass on a cheese plate with knife.

Horseradish Sauce.—Blanch and chop two dozen Jordan almonds very fine. Press the vinegar from four tablespoonfuls of grated horseradish, season with salt and cayenne and add to the almonds with two tablespoonfuls of thick sweet cream. Mix well and serve with boiled fish.

When using grapefruit for various fruit salads or cocktails, save some of the juice, thicken with gelatin and serve cut into cubes with rich cream cheese or with cottage cheese, and crackers with coffee for dessert.

Those who enjoy curries will like the following:

Curry of Rabbit.—Brown rabbit, cut into serving pieces, season well, add two medium-sized onions chopped and two teaspoonfuls of curry powder. Cook 15 minutes; add a very little boiling water, cover and cook slowly until the rabbit is tender. Serve with hot seasoned rice.

(© 1925, Western Newspaper Union.)

He rarely fears his fate too much. Or his desires are small. Who dares not put to the touch to gain or lose it all.

FOR THE FAMILY MEAL

A nice supper dish which is not hard to prepare and is wholesome and filling is the following:

Cheese With Celery.—Take the outer stalks from a bunch of two or three celery, cut into half-inch pieces and cook until tender, saving the liquor to use with the white sauce. Prepare a white sauce taking two tablespoonfuls of butter, two of flour and cook until smooth, then add one-half cupful of milk and one-half cupful of the celery liquor; cook until thick. Put a layer of white sauce over a layer of the cooked celery in a buttered baking dish, cover with a layer of grated cheese, repeat, finish the top with a layer of buttered crumbs and bake in a moderate oven until the crumbs are brown.

Tapoca Pudding.—Cook one tablespoonful of tapioca in a pint of milk for 15 minutes. Dissolve a tablespoonful of gelatin in one-half cupful of cold water. Add one-half cupful of sugar, the yolk of an egg to the first mixture. Pour over stewed dried apricots or peaches and one-half of sliced banana. When cool add one-half cupful of whipped cream.

Baked Lima Beans.—It is the tough outer skin of beans which most people find so troublesome to digest. Soak a cupful of lima beans in cold water to cover, overnight. In the morning drain and cover with boiling water; repeat when cool. Slip off the skins and place the beans in a baking dish, cover with scalding hot milk and bake slowly for two hours. When the milk is all absorbed remove the cover, dot with bits of butter, add cayenne and brown lightly. Serve from the baking dish.

Spiced Prunes.—Soak one pound of prunes over night in water to cover. In the morning simmer in the same water until tender, adding ten cloves, the rind of a lemon, and the juice. When tender, drain and add one cupful of honey, one-half cupful of vinegar to the liquid. Simmer the prunes in this after bringing it to the boiling point for a half hour. Chill and serve.

China's Immense Area

China is larger in area than the United States, Mexico and Central America combined.

LEGISLATIVE LETTER

By G. W. TURNER

Sacramento.—In some respects this session of the legislature is as notable for what it has not done as for what it has.

One measure which it has laid on the table was a bill by Assemblyman S. V. Wright, which proposed to remove the tax exemptions from churches in which politics are discussed. At the hearing of the bill before the committee on revenue and taxation the representatives of the Anti-Saloon league, Church federation and other religious bodies and the measure was tabled at their earnest solicitation.

All bills increasing the salaries of judges have been pigeonholed, as it is understood that the governor would not countenance any of them. He is also understood to be investigating the various proposals for raises in salaries of county officials and although in the past such measures have passed without discussion and signed without examination in the future the governor proposes to carry his economy program far enough to include them.

The announcement that Superintendent of Public Instruction Wood will not accept the appointment offered him in Pennsylvania changes the political situation to the extent that there will be no appointment to be made by the governor to the office Wood now holds, who will probably be—according to capitol gossip—a candidate for governor at the primaries next year.

A bill has passed the assembly to provide that all cold storage eggs shall be sold as such, and the purchaser must be informed of their grade.

The reapportionment question continues to occupy the center of the stage. The south now is trying to secure control of the legislature for the next three sessions, those of 1927, 1929 and 1931, and proposes that the state be apportioned on the lines of population as provided by the existing constitutional provisions, but that a constitutional amendment be adopted at the election next year providing for a reapportionment to take place before the election of the legislature for 1933, and that the cities shall have not to exceed three senators each. Under that scheme the country districts would control the senate.

It can not be said that this scheme meets with any enthusiastic support from the country members, since as there is a provision that if the amendment is not adopted at the election next year the present system of apportionment shall continue after 1931.

The dairy interests of the state are very much interested in Assembly Bill 878 which proposes to regulate the sale of oleomargarine. It allows the sale, but places restrictions on the product which so clearly and emphatically separates it from butter that there can be no possibility of anyone buying the former and thinking that he has purchased butter. One of the provisions of the bill places a tax of four cents a pound upon the oleomargarine.

Nevada has been among the visitors to the legislature in the person of its chief executive officers asking that California take part by erecting a building, in the Transcontinental Highway exposition, which is to be held at Reno next year. The measure has been fought by the Woman's Christian Temperance Union because of the alleged immorality and divorce evil in Nevada.

The legislature has had a serious and puzzling problem to meet in the Delhi land settlement colony. It is admitted that the project has not been a success; and that unless helped by the state the settlers are likely to lose what they have put into the project. One measure would practically cancel the \$550,000 due the state by the settlers and another large appropriation is intended to improve the colony in various ways. It is proposed to reduce the price of the land 30 per cent and to allow credit for all payments so far made on the basis of the new valuation of the property. The new measures would cost the state \$1,350,000 and as the sum of \$1,820,000 has already been expended this colonization scheme will have cost the taxpayers some \$3,270,000 besides having served as a very poor advertisement for California.

The money due the farm loan banks by the settlers, they are expected to pay themselves.

Application for permission to construct an extension of its Sutter basin branch from Hingalee into certain reclamation districts in California was filed, March 13, with the Interstate commerce commission by the Southern Pacific railroad. The proposed extension would run approximately ten miles, the application stated.

The bill authorizing the expenditure of \$50,000 for a forest experiment station in California has been signed by President Coolidge. Other forestry bills affecting California recently approved by the president authorize the expenditure of federal funds in the "protection of watersheds and the authorization for a 5,000-acre public camp ground for the city of Los Angeles within the Angeles national forest.

Manteca's school bond issue of \$50,000 carried by a vote of 249 to 39.

NEWS OF MENLO PARK

This evening at 8 o'clock the Bear Gulch Water Company will turn off its water supply until next morning to afford the concern time to install new fire hydrants on Oak Grove avenue and to put in control valves. With these valves in place it will not be necessary hereafter to close down the whole system when repairs are needed. Only certain sections may be without water. Housewives are urged to conserve water. The first permanent pipes of the bridge were put down this week.

Mr. and Mrs. Robert S. Moore have opened their pretty home on Valparaiso avenue near Sacred Heart University for the summer, after spending the winter in San Francisco. Mr. Moore is one of the large stock holders of the Dumbarton Bridge Company, and is an enthusiastic supporter of the enterprise. The first permanent pipes of the bridge were put down this week.

Mr. and Mrs. P. P. Eyre, who have been spending the winter in the city, have opened their attractive Atherton home for the summer. Mrs. Eyre plans to entertain considerable during the season.

The mortal remains of Mrs. Alice M. Schenkel were laid away in Holy cross cemetery last Monday, following the celebration of a requiem mass for the repose of her soul in the Church of the Nativity. Many friends followed the body to its last resting place. Mrs. Schenkel was a native of San Francisco, aged 47 years. Following a long and lingering illness, Mrs. Schenkel passed away at her home here last Saturday evening, surrounded by her family. Only a few months ago she suffered the loss of her husband and now she passes on leaving a young family to struggle without a mother's care or a father's protection. The death is, indeed, a pathetic one which elicits the sympathy of the entire community for the bereaved family. The deceased during life was a popular member of Menlo Park N. D. G. W., always taking a deep interest in the society. Mrs. Schenkel was an affectionate and devoted mother, a good friend and a true and practical Christian. She is survived by three children. They are Mrs. Rita Blanchard, Miss Lorraine Schenkel and Wesley Schenkel, a high school student.

A local contractor and builder has purchased the old Fremont theatre building, paying the sum of \$490 for it. It cost nearly \$20,000 to construct during the war. The historic structure will be used to build new cottages in Menlo Park, making homes for numerous families. Time and events make history. Had the building survived it would have been pointed to by future generations as the place where the soldiers of the 8th division of Camp Fremont received inspiration and encouragement in their training during the world war. During 1918 the theatre was filled with soldiers every night. The inspiring war songs of the day were thrown on the screen and sang lustily in chorus by the boys in khaki. Those who were in the play house one cold October night when the words, "Germany Accepts Peace," were thrown upon the screen, will never forget the event. The rafters fairly lifted with the shout that went forth from the throats of two thousand soldiers. Bedlam reigned and the performance was off. Mothers in the audience wept with joy, knowing that their loved one would not be taken from them. Many soldiers were sad, too, for they wanted to go across the seas to fight for Old Glory on the battlefields of France. The announcement came as a thunder storm from a clear sky for such a statement was not expected at that time. The picture "A Mother's Boy" was being shown when all of a sudden the slide was put on causing a joyous yell to go forth. If these soldiers were here today they would carry away with them souvenirs of the historic building which is to be replaced at once with a modern bank structure. Many hallowed memories cluster around the old theatre and thousands of men who wore the uniform at Camp Fremont will cherish in fond memory the playhouse that gave them inspiration and amusement during the trying time of 1918.

Large crews are busy at work on the Dumbarton bridge construction. Men are at work at the center of the channel working towards the Menlo shore, while a crew is working from the Menlo shore towards the center. It is the hope of the builders to have the bridge ready for the big football game at Stanford next November. Thousands of machines would come across by way of the bridge from Oakland to see the contest between the University of California and Stanford. The day would be a memorable one for this section of the peninsula.

Mrs. W. H. Scott has been added to the faculty of the Menlo Park grammar school to relieve crowded conditions in the class rooms. The appointment is temporary, according to J. G. Mason, president of the board of trustees.

The stork on Monday left a baby boy at the home of Mr. and Mrs. Kenneth L. Martin.

At the last meeting of the Menlo Parlor, N. S. G. W., Edward Derry was chosen delegate to the grand parlor that meets in San Bernardino in May. Joseph Nash was elected an alternate. The parlor is already preparing plans for the big diamond jubilee celebration at San Francisco on September 9. The old gate that was erected on the McGilvray estate and from which Menlo Park derived its name will be carried as a float in the parade.

The Menlo Park Fire Commissioners on next Wednesday night at the Menlo Park theatre will show two fire prevention lectures issued under the auspices of the National Board of Fire Underwriters. These will be shown together with a comic fire picture by Tony Sarg. Commissioners Charles Merrill, A. G. C. Hahn and Clarence Walter will make short addresses. Admission free. All should come and receive information to help prevent fires by observing certain precautions in and around the home.

According to the San Francisco Bulletin the City of Oakland is to suffer a water famine next summer, and to head off this scarcity of water the East Bay Water Company has petitioned the State Railroad Commission for permission to use water from the flood waters of the Sacramento river. No scarcity will be felt in Menlo Park as the Bear Gulch lake is overflowing. There will be plenty of aqua for all.

Miss Mary MacSwiney, known as Ireland's Joan of Arc, on Wednesday of last week was the guest of Mr. and Mrs. Dennis Kennedy of Menlo Park. The noted visitor was shown all points of interest in and about Menlo Park. Mr. Kennedy and his charming wife reside in a neat cottage, near the Sacred Heart University.

On Spruce and Heller streets, on Stambaugh between Buckeye and Spruce and corner of Pine and Phelps streets we have a wonderful selection of new homes for sale, priced from \$4,000 up. We will accept low first payment and then the same as rent. Will take a lot or an old house as part payment. Lambert and Walter, 188 Broadway, Redwood City. 9-27

What is A One-Cent Sale

It is a sale where you buy an item at the regular price—then another item of the same kind for 1 cent. As an illustration: The Standard price of Jonteel Vanishing Cream is 50c. You buy a jar at this price and by paying 1 cent more, or 51c, you get two jars.

Every article in this sale is a high-class standard piece of merchandise, just the same as we sell you every day at regular prices. This sale was developed by the United Drug Co., as an advertising plan. Rather than spend large sums of money in other ways to convince you of the merit of these goods, they are spending on this sale, in permitting us to sell you a full-line package of high standard merchandise for 1 cent. It costs money to get customers. The investment in this sale will be well spent if the goods please you.
